

# Öffentlich verwendbare APIS zur Applikationsentwicklung

Liste auf github: <https://github.com/public-apis/public-apis>

Sehr gerne wird das dort gelistete "Pokemon API" verwendet!

## point me to a list of publicly available json apis

Antwort deepseek:

Here's a list of publicly available JSON APIs across various categories. These APIs return data in JSON format, making them easy to integrate into applications:

### General Purpose APIs

#### 1. JSONPlaceholder

- Free fake API for testing and prototyping.
- <https://jsonplaceholder.typicode.com>

- Generate random user data.
- <https://randomuser.me>

### Finance APIs

#### 5. Alpha Vantage

- Real-time and historical stock data, forex, and cryptocurrencies.
- <https://www.alphavantage.co>

#### 6. CoinGecko

- Cryptocurrency data, prices, and market info.
- <https://www.coingecko.com/en/api>

#### 7. Yahoo Finance API (Unofficial)

- Financial data and stock information.
- <https://www.yahoofinanceapi.com>

### Social Media APIs

#### 8. Twitter API

- Access tweets, user data, and trends.
- <https://developer.twitter.com/en/docs>

#### 9. Reddit API

- Access Reddit posts, comments, and user data.

- <https://www.reddit.com/dev/api>

#### 10. **Instagram Graph API**

- Access Instagram business account data.
- <https://developers.facebook.com/docs/instagram-api>

### **News & Content APIs**

#### 11. **NewsAPI**

- News articles and headlines from various sources.
- <https://newsapi.org>

#### 12. **The Guardian API**

- Access news articles and content from The Guardian.
- <https://open-platform.theguardian.com>

#### 13. **New York Times API**

- Access NYT articles, books, and movie reviews.
- <https://developer.nytimes.com>

### **Geolocation APIs**

#### 14. **OpenStreetMap Nominatim**

- Geocoding and reverse geocoding.
- <https://nominatim.openstreetmap.org>

#### 15. **Google Maps API**

- Maps, geolocation, and place data.
- <https://developers.google.com/maps>

#### 16. **IP Geolocation API**

- Get geolocation data from an IP address.
- <https://ipgeolocation.io>

### **Entertainment APIs**

#### 17. **The Movie Database (TMDb) API**

- Movie and TV show data.
- <https://www.themoviedb.org/documentation/api>

#### 18. **Spotify Web API**

- Access music, playlists, and user data.
- <https://developer.spotify.com/documentation/web-api>

#### 19. **Jikan API (MyAnimeList)**

- Anime and manga data.
- <https://jikan.moe>

## **Development & Tools APIs**

### **20. GitHub API**

- Access repositories, users, and code data.
- <https://docs.github.com/en/rest>

### **21. Stack Exchange API**

- Access Q&A data from Stack Overflow and other Stack Exchange sites.
- <https://api.stackexchange.com>

### **22. RapidAPI Hub**

- A marketplace for thousands of APIs.
- <https://rapidapi.com>

## **Government & Public Data APIs**

### **23. Data.gov APIs**

- U.S. government datasets on various topics.
- <https://www.data.gov/developers/apis>

### **24. Open Government Data (EU)**
